Overview of Sales and Use Tax

What is a Sales Transaction?

Sales tax is:

- a transactional tax,
- based on the transaction,
- rather than the item sold.

Where the item or service is delivered determines the local sales tax rate and to whom the tax is due.

A sale is:

- the transfer of title or possession,
- of an item or taxable service,
- for consideration.

Sales Transaction (continued)

A lease or rental

- is a sale,
- because there is a transfer of possession.
- Sales tax is due on each payment.

All Sellers...

...are the **consumers** of anything they use to sell their items; and

...must pay tax on them.

Example 1: Cash registers.

Example 2: Display racks, posters, & mannequins.

Taxable Services

- Animal specialty services
- Building cleaning
- Computer software training
- Detective services
- Installing/applying tangible personal property
- Motor vehicle towing, washing/waxing, painting
- Pest control services
- Recreational vehicle (RV) park services
- Security services
- Repair labor

For a complete list of taxable and nontaxable services, see the Nebraska and Local Sales Tax Information Guide on our website.

Gross Receipts

Gross receipts mean the total amount of a sale or lease for a **consideration**.

Sales tax is calculated on the gross receipts of the sales transaction.

For more information, see Reg-1-007 – Gross Receipts Defined.

Delivery Location

The delivery location determines the rate of local sales tax.

- The delivery location is where the purchaser picks up the item or where he/she takes possession of it.
- The local sales tax rate depends on whether the delivery location is inside or outside city limits.
- When delivery is outside Nebraska, contact the other state.

Collecting Sales Tax

- All sales transactions are presumed taxable.
- Sales must be separately stated (with 4 exceptions).

The Bottom Line for Sales Tax

Sellers must collect sales tax
- or document why they did not.

What is Use Tax?

- Use tax is due when Nebraska sales tax has not been paid on a taxable item or service purchased for use in Nebraska.
- Sales and use tax are not both due on the same transaction.
- The big difference is who remits the tax -
 - Sales tax is collected and remitted by the seller.
 - Use tax is paid directly to the Department by the purchaser/consumer.

Use Tax (continued)

Use tax and sales tax have these things in common -

- They are imposed on the same transactions.
- They have the same exemptions.
- They are calculated at the same rate.
 - Where delivery occurs

-or-

 Where first usage in Nebraska takes place.

Use Tax (continued)

- Often due when purchases are made from an out-of-state seller.
 - Internet, catalog, mail order
 - Magazines and journals by subscription
- Due when the business withdraws tax-free inventory for business or personal use (including donations).
 - Auto mechanic
 - Hair salon

Note: Be sure to maintain good records!

Delivery Charges (continued)

If you owe **use tax** on a purchase, you also owe **use tax** on any delivery charge paid to the seller as part of that purchase.

Overview of Manufacturing

What is "Manufacturing?"

Manufacturing is...

performing any action or series of actions on tangible personal property – by hand or machine – resulting in the property being reduced or transformed into a different:

- state
- quality
- form
- property
- thing.

What is "Manufacturing?"

(continued)

Manufacturing does not include:

- Document shredding
- Mining
- Bottling
- Sorting
- Retail operations
- Generation or transmission of electricity

- Production or transmission of information or data
- Preparation of food for immediate consumption
- Purification or transportation of water
- Commercial agricultural operations or support of those operations MME 2013

Manufacturing Machinery & Equipment (MME)

Manufacturing Machinery & Equipment (MME)

MME is machinery and equipment:

- Used in manufacturing; and
- Purchased by a person or entity engaged in the business of manufacturing.

MME can be purchased sales tax exempt.

Machinery and equipment is **exempt from** sales and use taxes when both these criteria have been met:

1. More of the manufacturer's total annual revenue is from sales of tangible personal property they manufacture than from any other business activity;

-and-

2. The machinery and equipment is used more than 50% of the time in manufacturing.

Machinery and equipment is tax exempt when it is:

 Used to produce, fabricate, assemble, process, finish, refine, or package tangible personal property;

- Drill press used to manufacture shelving and cabinets.
- Extrusion mold used to produce rigid styrofoam to ship cabinets.

2. Used to transport, convey, handle, or store the manufactured goods or raw materials;

- Forklift used to off load raw materials, or used to move the finished product throughout the facility.
- Shelving used to store raw materials or the finished product.

3. Used to maintain the integrity of the manufactured products, or unique environmental conditions for the products or MME itself;

- Humidifier used to maintain paper quality in a paper plant.
- Freezer used by an ice cream manufacturer.

4. Used to test or measure the product, the manufacturing process, or the quality of the finished products;

Example -

 Incubator used to determine bacteria level in manufactured meat product.

5. Computers, software (and related training), and related peripheral equipment used to guide, control, operate, or measure the manufacturing process.

Example -

 Computer hardware and software used to direct robotic assembly line equipment to attach a rivet at a particular point.

6. The MME is not required to actually "touch" or work on the item being manufactured in order to qualify for the exemption;

- Boilers used by manufacturers to produce steam essential to the manufacturing process
- Equipment used to make a necessary catalyst
- Molds, dies, and materials necessary to create them for use in manufacturing the finished product or its packaging
- Component parts used to create self-constructed equipment
- Replacement parts
- Repair labor charges
- Installation and maintenance services

Repair of MME

Manufacturers may purchase parts and labor to repair MME sales tax exempt.

Examples -

- Motor for a drill press
- Grease or other lubricants to keep the drill press running
- Repair labor

Warranties and Guarantees

Sales of warranties and guarantees that cover exempt MME are also sales tax exempt.

MME (continued)

Taxable Machinery & Equipment

Examples -

- Tools powered by hand
- Security equipment
- Safety equipment
- Repair shop equipment
- Cleaning equipment
- Licensable motor vehicles and trailers
- Equipment used in retail operations
- Office equipment used for research and development
- Office equipment, including computers and software

Other Taxable Items

Items necessary to the production of a product that are not considered MME.

Examples -

- Catalyst a catalyst is a chemical that causes or facilitates a reaction without becoming a part of the resulting chemical compound
- Cutting oil used on a drill press to cut holes in the manufactured product

MME (continued)

Dual Use of MME

MME that is used **both** for manufacturing and for other purposes is exempt when **more than 50%** of its total use is for manufacturing.

Documenting Exempt Purchases

Manufacturers must give a properly completed Form 13, Section B, Category 5 to their Nebraska vendors.

Contractors

Contractor Database

- Every construction contractor making payment to a <u>subcontractor</u> must withhold 5%;...
- Unless the subcontractor is registered in the <u>Department of Labor's</u> <u>Contractor Registration Database</u>.

Contractor Database (continued)

 A single definition of "contractor" is used for purposes of the Contractor Registration Act and construction contractor withholding.

(This definition is slightly different than the sales and use tax definition of a contractor.)

- A centralized registration system is used for construction contractors.
- The Department of Labor administers the Contractor Database.

Construction Contractor

- Contractors may purchase and annex MME to real property, or repair MME that is annexed.
- The MME and repair parts purchased and annexed by a contractor are taxed according to the contractor option chosen.
- Charges for contractor labor are not taxable.

Construction Contractor (Continued)

- Makes repairs or improvements to real estate or items annexed to real estate.
- Arranges for annexation.

Examples you may not have thought about -

- Landscapers who build or repair retaining walls.
- Interior designers who arrange for construction work to be done (hanging wallpaper).
- o Providers of restoration services to real estate.

Contractor Labor

- Annexing building materials to real estate.
- Repair of a structure.
- Repair of building materials that are or will be annexed to real estate.
- Charges for contractor labor are not taxable.

Example: Hanging drywall.

Building Materials

 Property (including fixtures) that will be annexed to real estate or to an improvement on real estate (see Reg-1-017-02).

Does not include:

- Tools;Supplies; or
- o Equipment; o Other items not annexed.

Example: Rebar embedded in concrete is a building material. Form lumber is not.

Fixtures

- Equipment that must be annexed to a building or structure so that it can properly function.
- Fixtures remain identifiable as a separate item.

Example: Water heater.

Contractor Options

- Contractor Options apply only to construction contractor projects.
- Option chosen determines:
 - How sales and use tax is paid on building materials and fixtures; or
 - If sales tax is collected from the customer on building materials and fixtures
- Audits will be conducted based on the default option or option chosen. If an option is not chosen, default = Option 1.

Contractor Option Transactions

- Retail Sales (TPP & Taxable Services)
 Taxable at rate in effect where delivery occurs.
- Contractor Labor Not taxable.
- Nontaxable Services

Option 1 Contractor

Transactions with the Supplier

- Purchases building materials and fixtures for resale.

Business Background

- Any business that gets audited is reviewed to be sure the entity has correctly withheld income tax on payments made to nonresident individuals and certain other entities that were hired to perform personal services in Nebraska.
- A specific <u>information guide</u> has been created.

Definitions

- o Nonresident Individual. A person who is not a resident of Nebraska at the time the personal service is performed.
- Nonresident Entity. Includes corporations, partnerships, and LLCs not domiciled in Nebraska, and that do not maintain a permanent place of business in Nebraska.
- o **Personal Services.** Include services provided by persons not considered employees under the IRC. 68

Payments to Nonresident Individuals

- Payments are subject to withholding when:
 - The payor maintains an office or transacts business in Nebraska and the payments exceed \$600; or
 - The payor does not have an office in Nebraska and the payments exceed \$5,000.

Payments to Nonresident Entities

- Payments are subject to withholding when:
 - The payor maintains an office or transacts business in Nebraska and the payments exceed \$600; or
 - The payer does not have an office in Nebraska and the payments exceed \$5,000;

more...

Payment Requirements

- ...and when:
 - 80% or more of the voting stock is owned by shareholders who perform the personal services;
 -or-
 - 80% or more of the ownership or profits interest of a partnership or LLC is held by partners or members who perform the personal services.

For these businesses, withholding is required for services performed by any shareholders, partners, or members. It doesn't matter how many are physically in Nebraska.
